

Daily Protection Ritual

This process should be used in the morning, before bed,
and anytime you feel your emotions or body is “off”.

****Remember to visualize and speak from a place of authority/intention.****

Removing Entities/Closing Portals:

Archangel Michael I ask that you come now and connect to my energy, to the energy of my home, and to the energy of all living things that reside in my household. Please remove any entities that you find and please close any portals that you locate.

I'm now calling in all Archangels and guides to assist me. Everything that I ask you to do, please also do for my home and the living things that reside within it:

Cutting cords:

Please cut all cords attached to me that are connected to anything other than the Divine.

Energy Transmutation:

Please lift from me and transmute all low vibrational energies.

Violet Flame:

Please place me in the violet flame to burn off the residue of any remaining low vibrational energies.

Divine White Light:

Please place me in a beacon of God's divine white light to restore any damage that was done to me by the low vibrational energy.

Spheres of Protection:

Please place me in an Orange Light Energy sphere, an everlasting violet flame sphere, and a holy water sphere. Let the spheres be impenetrable and protect me from anything that would seek to harm me.

Cloaking:

Please cloak me in the Orange Light Energy cloak lined with protective crystals, and cinch in tightly around me. Please cover that cloak with a dark black cloak to render me completely invisible to anything that would seek to harm me.

And so it is! Thank you guides and Archangels!
